## Dreaming and learning

We couldn't get out to visit the teams this summer due to the Ebola outbreak affecting Uganda, so we've caught up with them all (Uganda and Kenya) online instead. We've loved the progress they've made developing 12 month plans, designing new [volunteer t-shirts](#) in Uganda and delivering [training sessions](#) with our Kenya volunteer team. Follow us and them on socials for live updates on all programmes.

The children in Kenya and Uganda are still regularly playing netball. Shanita in Uganda tells of why she wants to learn and play even more.
